Dear Dave,

Hasty thanks for your 4/5.

I'll be glad to get the transript of the Hurwitz interview tapes and I hope he'll write as full and complete a memo as he can.

You were correct in telling Human Events that the JFK assassination is not a liberal-conservative issue and beginning with Senator Russell and including the Birchers there was conservative opposition to the Commission's conclusions.

I'm glad you boy was pleased to take some "Maryland quartz" home.

Sorry I was not able to go around with him to help him locate other specimens of different colors.

We enjoyed your visit.

And thanks for your kind comments.

Best to the boys,

Harold
